## Technical specifications

|                      |                        |                                       |                       |
|----------------------|------------------------|---------------------------------------|-----------------------|
| Power consumption    | 670 W                  | Sound pressure level                  | 86,5 dB(A)            |
| Weight               | 4,4 kg                 | Sound power level                     | 94,5 dB(A)            |
| Blade cutting length | 65 cm                  | Uncertainty K according to 2006/42/EC | 0,7 dB(A)             |
| Overall length       | 104,9 cm               | Vibration acceleration                | 4,40 m/s <sup>2</sup> |
| Tooth pitch          | 28 mm                  | Uncertainty K according to 2006/42/EC | 1,5 m/s <sup>2</sup>  |
| Blade speed          | 1500 min <sup>-1</sup> |                                       |                       |

- Powerful 670W electric engine
- Chemical nickel plated blade
- 4 Safety-Handles for easy and safe cutting in every situation
- Fully rubberized handle
- Incl. blade cover, front guard and additional cord holder
- Low noise and vibration for comfortable work
- Quick blade stop
- Removable hood for easy carbon brush maintenance
